

BOISE NEIGHBORHOOD INTERACTIVE

2019 Call for Workshop Proposals

“Creating Community: Cultivating and Sustaining Neighborhood Identity”

Energize Our Neighborhoods is proud to host the 2nd Annual Boise Neighborhood Interactive on February 16, 2019, highlighting the event’s theme: “Creating Community: Cultivating and Sustaining Neighborhood Identity.”

Boise’s current rapid growth presents an opportunity for our community to build on the strength of our history, while planning for a future of connected neighborhoods and engaged residents. Today, some parts of the city have a well-established identity where neighbors share a sense of culture and community they call their own. Other parts of the city have an opportunity to begin developing those same connections. Creating and sustaining unique and desirable neighborhoods is important to all Boise’s residents.

The mission of the Boise Neighborhood Interactive is to empower and engage residents to take responsibility for creating and sustaining welcoming and livable neighborhoods.

Targeting residents at all levels of engagement this community conference aims to build capacity at a neighborhood level and provide information, training, and resources to help people be involved in their community.

The Boise Neighborhood Interactive Steering Committee is currently seeking workshop proposals for the 2019 conference. Proposals should speak to the conference’s overall theme of “Creating Community: Cultivating and Sustaining Neighborhood Identity” and should conclude with a challenge or call to action for attendees. Proposals may address one or more of the topics identified below, or another facet of community development, engagement, leadership, or training of interest to Boise’s residents:

- Cultivating and sustaining neighborhood identity and community
- Exploring the area’s past
- Intergenerational connections and opportunities
- Economic Development and/or local business in the community
- Best Practices for neighborhoods
- Leadership development
- Growth and challenges of maintaining livability
- Addressing public safety concerns
- Transportation and infrastructure

BOISE NEIGHBORHOOD INTERACTIVE 2019 PROPOSAL SUBMISSION

Applicants should complete the following information and send it via email to energize@cityofboise.org by November 2, 2018. All applications will be reviewed by the Steering Committee and selected applicants will be notified by December 3, 2018.

Workshops will be held on February 16, 2019; applicants should be available to present between 9:00 AM and 4:00 PM. Specific time slots will be announced prior to the event.
